MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Prices on slaughter steers and heifers were steady to 50¢ higher at most midwest markets with upturns on carlots of dressed beef influencing the advance. Slaughter cows were steady to 50¢ higher aside from steady to 50¢ lower trends at Sioux City and Chicago. The seasonally increased volume of stockers and feeders were fully steady to strong at most points. Barrows and gilts closed steady to 50¢ higher at midwest centers for the first weekly advance in 6 weeks. However, sales were 15-25¢ lower in the Interior Iowa-Southern Minnesota area. Spring slaughter lambs were mainly 50¢-\$1.00 lower.

SLAUGHTER CATTLE AND CALVES - Receipts of salable cattle at the 12 markets were 7 percent larger than the previous week and were the largest for any week since mid-July. Slaughter steer and heifer prices responded to advances on carcass beef. Slaughter steers were generally steady to 50¢ higher with Sioux City reporting a 50-75¢ higher trend on average-Good to low-Prime. High-Good to Prime steers found the broadest outlet at most points, although Prime steers were only steady in Chicago. Heifers were steady to 50¢ higher, although Omaha and Sioux City reported a steady to 50¢ lower trend on Standard and Good. Cows sold steady to 25¢ higher at most markets but Chicago and Sioux City reported a steady to 50¢ lower trend and St. Paul was as much as 50¢ higher on Utility and Commercial. Bulls sold steady to 50¢ lower. Vealers were weak to \$1.00 lower at St. Paul and steady at St. Louis. Slaughter steers and heifers made up the bulk of the receipts at most terminals and the Good to average-Choice offerings continued to predominate. Only scattered loads of high-Choice and Prime steers were offered at most terminals and Prime accounted for only about 10 percent of the steers in Chicago.

At Chicago high-Choice and Choice and Prime slaughter steers realized \$25.25-26.50, 3 loads Prime 1200-1400# \$26.75; most average-Choice \$24.50-25.25; mixed Good and Choice \$23.50-24.25; Good \$22.00-23.25. Elsewhere in the midwest a few loads high-Choice and low-Prime steers cashed at \$25.00-25.50; bulk Choice \$23.75-25.00; high-Good and low-Choice \$23.00-23.50; bulk Good \$21.00-23.50. Over the area Choice heifers brought \$22.50-24.00; high-Choice and Prime \$24.00-24.50 and up to \$25.50 at Chicago; Good and low-Choice heifers \$20.00-23.00. Utility and Commercial cows bulked at \$13.50-16.00, Canners and Cutters \$11.50-14.00.

STOCKER AND FEEDER CATTLE AND CALVES - Marketings of stocker and feeder cattle and calves expanded as August drew to a close, supplies at midwest terminal markets being the largest thus far this season. There was a

moderate increase in numbers of Good and Choice two and three-year-old steers off grass but supplies of stock calves continued limited. Trading at midwest markets displayed some unevenness but in general was moderately active at mostly steady prices. At several markets mild strength was noted on stockers and at Sioux City yearlings and stock calves sold strong to 50¢ higher. Meanwhile, at Omaha prices were steady to weak. Several southwestern markets were steady to 50¢ lower while at Denver a sharp upturn in slaughter cattle prices was a factor influencing a moderately stronger trend on fleshy feeder steers.

Good and Choice 800-1050# feeder steers brought \$21.00-23.75, few Choice 800# \$24.00. Three loads Good 1110# Montana steers sold at \$21.00 and a five-car string of Good 1197# three-year-old feeders cashed at \$20.00. Medium and low-Good feeders ranged \$18.00-21.00. Choice 600# stock steers brought \$26.00, majority Good and Choice yearling stockers \$22.00-25.50, Medium and low-Good \$18.00-22.50. Several loads Choice 500# heifers brought \$25.00, other Good and Choice stocker and feeder heifers \$19.50-24.25, including Choice fleshy 850# at \$21.75. Few sales Choice 300-330# stock steer calves \$28.00-28.75, bulk Good and Choice steer calves \$22.00-27.00. Good and Choice heifer calves ranged \$20.00-26.00, few Choice 245# \$26.75.

HOGS - TERMINAL MARKETS - Hog marketings were sharply curtailed after midweek and prices reacted with late advances more than offsetting early declines. Barrows and gilts closed steady to 50¢ higher, this the first weekly advance in 6 weeks. Sows sold steady to 50¢ higher at most western Corn Belt centers, but steady to 50¢ lower in the eastern part of the area. Mixed No. 1-3 190-250# barrows and gilts predominated in the supply with only a moderate number weighing over 250#.

On Friday U. S. 1-2, and mixed U. S. 1-3, 190-250# barrows and gilts sold mainly at \$16.00-16.50, with No. 1, 210-220# up to \$16.75 at Indianapolis. Mixed U. S. 1-3, and 2-3, 180-280# brought \$15.50-16.25, largely \$15.75-16.25. U. S. 1-3, 270-600# sows bulked at \$12.75-15.00.

Feeder pig prices declined 25-50¢ at Sioux City and were 50¢ off at St. Paul. Mostly Good 140-170# feeder pigs sold at \$14.50-15.25 at Sioux City with mostly Good 130-160# offerings at St. Paul \$14.00-14.50.

HOGS - INTERIOR IOWA-SOUTHERN MINNESOTA AREA - Reduced marketings Wednesday and succeeding days resulted in around 10 percent less receipts than the previous week and about 17 percent less than the corresponding week last year. Curtailed supplies stimulated demand and price advances were made on late rounds, but upturns were not sufficient to erase earlier declines. Closing prices compared with the previous Friday

were 15-25¢ lower on butchers with sows steady to 25¢ lower. Sows comprised about 13 percent of total receipts. At the close mixed U. S. 1-3 200-240# butchers sold at \$14.50-15.25 with a moderate volume No. 1 and 2 at \$15.25-15.65. No. 1-3 270-400# sows brought \$12.75-14.75, 400-550# \$10.25-13.25.

SHEEP AND LAMBS - The 12 market sheep and lamb receipts were 8 percent larger than a week earlier, but little different than a year ago. Slaughter lambs sold under pressure on most sessions. Price downturns for dressed lamb in combination with increased slaughter lamb marketings were bearish factors contributing to lower prices at terminals. For the week, spring slaughter lambs were unevenly steady to mostly 50¢-\$1.00 lower, instances \$1.50 off. Slaughter ewes were mainly steady. Moderate numbers of spring feeder lambs were steady at most markets, but steady to 25¢ lower at Denver.

Choice and Prime 85-110# spring slaughter lambs including limited numbers of shorn spring lambs with No. 1 and 2 pelts sold from \$18.00-19.50 on the close with a few lots Prime \$20.00-21.00, the latter price at Chicago; Good and Choice \$16.00-18.00, few \$18.50-19.00; Utility and Good \$12.50-16.50. Limited numbers of Good and Choice 100-120# shorn slaughter yearlings with No. 1 and fall shorn pelts brought \$13.00-15.00, 2 loads Choice 100-104# \$15.50-16.50. Cull to Choice shorn slaughter ewes \$2.00-4.00, few \$4.50-5.00.

Good and Choice 50-85# spring feeder lambs brought \$15.00-16.50 including 70-85# lambs \$15.75-16.25 at Denver; Choice 68-75# range Colorado feeders \$16.50-16.65 at Denver; Choice 65# western feeders \$17.25-18.00 at Sioux City. Medium and Good feeders turned at \$13.00-15.50. Few Medium and Good short term to solid mouth breeding ewes \$4.50-8.50 per head; load four-year-old breeding ewes \$12.50 each at Kansas City.

In the Interior Iowa-Southern Minnesota area, receipts were around 15 percent above both a week and a year ago. Shorn spring slaughter lambs comprised around 15 percent of receipts. Slaughter lamb demand was only fair during the week as expanded marketings coupled with mainly lower dressed lamb prices were bearish factors influencing price downturns in the Interior area. For the week, spring slaughter lambs and slaughter ewes were weak to 50¢ lower. Choice 80-105# spring slaughter lambs delivered to packing plants closed at \$17.00-17.50 with Choice and Prime to \$18.00; Good and low-Choice \$15.50-17.00; Utility and Good \$14.00-15.50. Cull to Choice shorn slaughter ewes moved at \$2.00-4.00.

BOSTON WOOL MARKET REVIEW

Sales of greasy domestic worsted wools amounted to approximately five cars in the Boston market as fine and half-blood wools sold at slightly higher prices. Demand was poor for medium grades. Trading on scoured wools for woolen use was slow and prices were slightly easier in some instances. Noils were slow to move but prices were firm. Range sales in the territory States were limited and little was done in the fleece wool States. There were sales of 12 months wools in Texas.

Cabled reports from Australia showed quotations advancing about two pence. There was a good selection offered with the Continent, Japan, England and American interests operating. The New Zealand markets were quiet as offerings of carpet type wools were unchanged to two pence lower. Early reports from the opening sales in the Cape showed quotations on combing wools about 15 percent lower than the May close due principally to tender and short wools caused by drought conditions since last shearing in South Africa.

New clip wools out of Uruguay were offered on a basis equivalent to Australian quotes. Trading was slow in Buenos Aires with a few offerings of carpet type wools.

Fleece Wools - Graded 64s good French combing and staple fleeces brought from \$1.10-1.12 clean basis while graded 56/58s baby combing fleeces sold at \$1.00.

Territory Wools - Graded 64s good French combing and staple wools sold from \$1.13-1.15 clean basis, while graded 60/62s staple wools brought \$1.08-1.10 and 56/58s baby combing wools moved around \$1.02-1.03 clean basis.

Texas Wools - Average 12 months wools sold in Texas at \$1.10-1.12 clean basis delivered Boston while best 12 months sold from \$1.12-1.14 and Delaine type 12 months Texas wool was purchased around \$1.15 clean basis, delivered Boston.

Foreign Wools - Sales of spot foreign wools were slow. Combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond as follows:

Carpet Wools - Turnover of carpet wools was slow at about unchanged prices. Greasy Buenos Aires November second clip carpet wools were quoted around 76-77¢, March wools 72-73¢ and fleeces around 78¢ clean fibers present for shipment. Good New Zealand carpet crutchings around 70¢, early shorn wools 75¢ and fleeces around 78¢. White Montgomery, India wools at 76¢ and yellow Montgomery at 67½¢ clean fibers present, all for shipment. Approximately 5,330 bales, including 100 bales of Afghanistan carpet wools, will be offered at auction on September 7 at Liverpool, England.

WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEWS

EASTERN SEABOARD - Trading was moderately active for most fresh meats with early slowness in instances followed by broad demand on closing sessions. Hot, humid weather in some sectors hampered early activity at both wholesale and retail levels. Supplies of beef were slightly below normal, and other classes moderate to near normal. Clearance of all meats was generally complete. Compared with the previous week's close: Steer beef steady to \$1.00 lower, mostly 50¢-\$1.00 off except at Washington where sales were steady to 50¢ higher; cow beef 50¢-\$1.00 lower at Philadelphia, otherwise steady. Veal sold steady to \$2.00 higher except at New York, where prices for both veal and calf were steady to weak. Spring lamb closed steady to \$1.00 higher at Philadelphia, weak to \$2.00 lower at New York, the bulk 50¢-\$1.00 off and the trend at Washington was steady to 50¢ lower, with other markets steady. Pork loins sold steady to \$2.00 lower with some decline at all markets except Philadelphia, other pork cuts weak to \$4.00 lower, bulk off \$1.00-2.00. Softness permeated kosher dressed meats with kosher dressed steer forequarters steady to \$2.00 lower, mostly \$1.00-2.00 off; kosher veal foresaddles \$1.00-4.00 lower and kosher spring lamb steady to mostly \$1.00 lower.

CHICAGO - Supplies of beef, spring lamb and fresh pork were normal. Beef prices advanced on early sessions in moderately active trading with higher live prices contributing strength. Part of the upturn was erased, however, when movement of primal cuts slowed. Arm and squarecut chuck, rounds and ribs had adequate outlets through Tuesday, but chuck was slow from midweek on. Demand was poor for beef loins on each session. Good to Prime veal met a fair demand at fully steady prices. A moderately active lamb trade at the outlet slowed, limited showing weights over 55# excepted. Fresh pork trade generally was slow. Compared to the previous Friday: Steer and heifer beef steady to \$1.00 higher, mostly steady to 50¢ higher; veal fully steady; spring lamb steady to \$1.00 lower; pork loins steady to 50¢ higher; Boston butts steady to \$1.00 lower; spareribs steady.

PACIFIC COAST - Good and Choice steer and heifer beef supplies were ample to excessive for a limited pre-holiday demand. Cow beef supply was moderate but trading generally slow with demand poor. Veal and calf receipts seasonally increased and generally plentiful with an abundance in San Francisco. Offering of spring lamb somewhat liberal. Fresh pork trade dull despite moderate supply. Smoked pork continued slow with moderate supplies burdensome. Steer and heifer beef prices were steady to \$1.00

lower, most decline at Los Angeles and Seattle; cow beef mostly steady with instances \$1.00 lower in the Northwest; veal and calf mostly steady except instances \$1.00-2.00 lower in San Francisco; spring lamb steady to \$1.00 lower, most decline in Portland. Fresh pork prices were steady to \$2.00 lower although loins held about steady in most areas. Smoked hams were weak to \$2.00 lower except steady to strong in Los Angeles; bacon mostly \$1.00-2.00 lower with some sales in San Francisco \$3.00 off.

CARLOT MEAT TRADE REVIEWS

MIDWEST CARLOT DRESSED MEAT SUMMARY - Based on reports from major slaughtering centers — Omaha, Kansas City, Sioux City, Sioux Falls, St. Paul, St. Joseph, St. Louis and in the Interior Iowa-So. Minnesota area. (Prices FOB plant basis).

Prices advanced on steer, heifer and cow beef under a good demand. Outlet was also good for pork loins while moderate to poor demand prevailed on lamb, pork butts and fresh hams. Supplies of beef and lamb were fully normal but volume of pork was slightly below normal. Complete clearances were effected on all beef, generally complete on pork products but incomplete on lamb. Choice steer beef closed 50¢ to mostly \$1.00 higher. Good steer beef steady to \$1.00 higher with most advance on 600-700# carcasses; heifer beef mostly 50¢ higher; Utility cow beef steady to \$1.00 higher. Choice and Prime spring lamb sold 50¢ to mostly \$1.00 lower, instances \$2.00 off. Pork loins were mostly steady with a few late sales \$1.00 higher; fresh hams mostly \$2.00 lower; butts \$1.00-2.00 off; hog sides steady to 25¢ lower.

Choice 600-700# steer carcasses closed at \$39.00-39.50, few carlots \$39.75-40.00, 700-800# \$38.25-39.00, few \$39.50; Good 600-700# \$37.25-38.50, few high-Good \$38.75, 700-800# \$36.50-38.00, instances \$38.50. Choice 500-700# heifer beef \$37.50-38.50. Utility cow beef \$27.50-29.50, mostly \$27.50-28.50. Choice and Prime 35-55# spring lamb bulked at \$38.25-39.25. Pork loins 8-12# brought \$43.00-43.50, few late sales \$44.00-45.00, fresh hams 12-16# \$34.50-36.00, butts 4-8# \$30.00-31.00. U. S. 1, 2 and 3 135-155# hog carcasses \$22.72-23.25, 155-175# \$22.56-23.00.

CARLOT SUMMARY - Chicago, Denver, New York and Philadelphia. Trading was moderately active at most centers. Steer beef sold mainly 50¢ higher for the week at Chicago and New York with sales 50¢-\$1.00 higher at Philadelphia and 50¢-\$1.50 up at Denver. Heifer beef closed steady to 50¢ higher. Cow beef sold mostly steady at Chicago, instances 50¢ lower. At Philadelphia, Utility and Commercial cow beef advanced 50¢ while Canner and Cutter sold weak to 50¢ lower. Spring lamb carcasses were steady to mostly 50¢ lower. Pork loins advanced \$1.00-1.50 at Chicago.

1/ Parity prices are computed under the provisions of Title III, Subtitle A, Section 301 (a) of the Agricultural Adjustment Act of 1938 as amended by the Agricultural Acts of 1948, 1949, 1954, and 1956.

2/ Adjusted base price 1910-14 derived from 120-month, January 1950-December 1959 average (including an allowance where appropriate for unredeemed loans and other supplemental payments resulting from price support operations) by dividing by 255 percent (the 120-month average of the Index of Prices Received by Farmers adjusted to include an allowance for unredeemed loans and other supplemental payments) unless otherwise noted.

3/ Effective parity prices as computed currently using base prices in effect and indexes for months indicated. These parity prices are the legally applicable parity prices for the following calendar month.

4/ Adjusted base price 1910-14 derived from 10 season average prices 1950-59 (including an allowance, where appropriate, for unredeemed loans and other supplemental payments resulting from price support operations.)

5/ Transitional parity, nonbasic commodities 45 percent (50 percent during 1959) of parity price computed under formula in use prior to January 1, 1950.
